

Wednesday 4 December 2019

07:00 | Registration
 08:45 | All delegates please gather in the Ballroom for Pōwhiri (welcome)
 09:00 | Pōwhiri (Welcome)
 09:30 | Official Opening

Plenary Session 1

09:30 | Keynote 1: Dr Ashley Bloomfield: Director-General of Health and Chief Executive, Ministry of Health – Manatū Hauora, New Zealand
 09:55 | Keynote 2: **Why is there still health inequities in 2019** Dame Tariana Turia
 10:35 | Morning tea

Plenary Session 2

11:05 | Keynote 3: **Noojimo Mikana (A Healing Path): Addressing Health Service Inequities** Dr. Carrie Bourassa, IIPH Scientific Director, College of Medicine, Department of Community Health and Epidemiology, University of Saskatchewan; Canadian Institutes of Health Research, Canada
 12:05 | Lunch. **Early Career Researcher Speed Mentoring** Gallery 3

Concurrent sessions 1A - 1H

1A INDIGENOUS HEALTH DATA AND DECISION-MAKING RESEARCH Symposium
 Room: Ballroom A

1B Health Economics
 Room: Ballroom B
 Chair: Jonathan Karnon

1C BIG DATA SYMPOSIUM
 Room: Regatta D

1D MENTAL HEALTH SYMPOSIUM
 Room: Regatta A

557	1A.1	13:05 Using health data to effect improvements in Māori health outcomes.	397	1B.1	13:05 A cost-benefit analysis of the implementation of an evidence-based dementia care program in the Australian health context. Miia Rahja, Flinders University Australia	540	1C.1	13:05 Use of big data and data linkage for health services research: feasibility, challenges and opportunities.	533	1D1	13:05 Development of a needs-based planning model for mental health services in Australia: the National Mental Health Service Planning Framework.
		Symposium Lead Amohia Boulton, Whakauae Research Services, New Zealand	299	1B.2	13:20 A health economic approach to modelling the equity impact of childhood obesity interventions. Anagha Killedar, University Of Sydney Australia			Symposium Lead: Nadine Andrew, The University of Western Australia, Australia.			Symposium Lead: Sandra Diminic, The University of Queensland, Australia
		Presenters: Amohia Boulton, Heather Gifford, Whakauae Research Services; Donna Cormack, Te Kupenga Hauora Māori, Auckland University; Bridgette Masters-Awatere, Māori & Psychology Research Unit, Waikato University; Kiri Parata, Independent Researcher, Te Atiawa ki Waikanae, Ngāti Raukawa, Ngāti Toarangatira, Ngāti Ruanui, Ngāi Tahu, Steve Perry, Tui Ora, New Zealand	322	1B.3	13:35 Burden and cost of pelvic and lower limb injuries from road traffic crashes, in Queensland. Victoria McCreanor, Jamieson Trauma Institute Australia			Presenters: Nadine Andrew, Monique Kilkenny, Monash University; Frank Sanfilippo, Derrick Lopez, The University of Western Australia Australia			Presenters: Sandra Diminic, Charlotte Woody, Imogen Page, Kate Gossip, Queensland Centre for Mental Health Research, The University of Queensland Australia
			212	1B.4	13:50 Cost effectiveness analysis of a supervised exercise intervention for prostate cancer patients with bone metastases . Kim Edmunds, Centre for Applied Health Economics Australia						
			300	1B.5	14:05 Cost of community treatable emergency department presentations. Josh Byrnes, Centre for Applied Health Economics Australia						
			269	1B.6	14:10 Use of Return on Investment (ROI) for local decision making. Adriana Nunez, University of California, Merced United States						

Concurrent sessions 1A - 1H cont.

1E Improving Primary Care Systems Room: Gallery 3 Chair: Fiona Imlach		1F HEALTH PATHWAYS Symposium Room: Gallery 2		1G Priority and Marginalised Populations Room: Gallery 1 Chair: Rosemary McKenzie		1H Research Translation Room: Regatta B Chair: Katherine Harding	
273	1E.1 13:05 Redesigning systems of care around population health needs- learnings from a large primary health organisation. Sue Wells, ProCare PHO New Zealand	541	1F.1 13:05 Evaluation of the impact of HealthPathways on the design and integration of health services in Sydney Local Health District.	132	1G.1 13:05 Optimising access to dental care for people experiencing homelessness. Nicole Stormon, The University of Queensland Australia	230	1H.1 13:05 Knowledge translation plan guides: A pragmatic, conceptual synthesis. Chris McCutcheon, Ottawa Hospital Research Institute Canada
228	1E.2 13:20 Can mergers foster organisational legitimacy? A follow-up study of two merged independent community health organisations from Victoria, Australia. Véronique Roussy, Monash University Australia		Symposium Lead: Sarah Norris, University of Sydney, Australia	378	1G.2 13:20 Counting the cost: A retrospective chart review of admissions and length of stay for children with Intellectual Disability across two tertiary paediatric hospitals.. Laurel Mimmo, University of New South Wales/Sydney Children's Hospitals Network Australia	261	1H.2 13:20 An evaluation of research investment and impact at a regional Australian Hospital and Health Service. Alexandra Edelman, Townsville Hospital and Health Service Australia
174	1E.3 13:35 Reducing Inequities: What can we learn from organisations working in partnerships?. Elizabeth Disney, University of Otago New Zealand		Presenters: Sarah Norris, Menzies Centre for Health Policy; Sally Wortley, Kate Applegarth, University of Sydney Australia	115	1G.3 13:35 Disrespect and Abuse during Childbirth in Western Ethiopia: Should Women Continue to Tolerate?. Firew Bobo, University of Technology Sydney Australia	279	1H.3 13:35 How do Academic Health Centres in Australia enact their translational role: results of a scoping study. Gill Harvey, University of Adelaide Australia
				270	1G.4 13:40 The vision rehabilitation gap in three regions of New Zealand. Keith Gordon, New Zealand Blind Foundation New Zealand		
				416	1G.5 13:45 Uptake and cost of early supported discharge and hospital in the home in Australian public hospitals: a study protocol. Emma Gearon, Cabrini Institute Australia		
				179	1G.6 13:50 What are the outcomes for children with attention deficit hyperactivity disorder in Child and Youth Mental Health community clinics?. Leanne Winter, The University of Queensland Australia	202	1H.4 13:50 Integrating research evidence into project management: Creating a culture of evidence-informed decision-making. Maria Larcombe, University of Otago; Courtney Harper from Counties Manukau Health, New Zealand
				312	1G.7 13:55 Improving care for people with mild cognitive impairment. Tilley Pain, JCU Australia		
						246	1H.5 14:05 Reporting health research translation and impact in the curriculum vitae: a survey of an international cohort. Dawn Stacey, University of Ottawa Canada
						250	1H.6 14:10 Overview of reviews on principles, strategies, outcomes, and impacts of research partnership approaches . Ian Graham, University of Ottawa Canada

14:20 | Afternoon tea

Concurrent sessions 2A - 2H							
2A INDIGENOUS CULTURAL SAFETY Symposium Room: Ballroom A		2B: LOCAL HEALTH SERVICES EVALUATION Symposium Room: Ballroom B		2C PACIFIC POPULATIONS AND INTEGRATED SERVICES Symposium Room: Regatta D		2D ESTABLISHING EFFECTIVE RESEARCH PARTNERSHIPS Symposium Room: Regatta A	
562	2A.1 14:45 Culturally safe health care for Indigenous women and families. Symposium Lead: Anna Adcock (Ngāti Mutunga, Aotearoa), New Zealand Presenters: Yvette Roe, Sophie Hickey, Sue Kildea, Charles Darwin University, Australia; Matthew Bennett, (Te Arawa, Tainui, Ngāti Kahungunu, Ngāti Pāhauwera, Aotearoa), Francesca Storey, Anna Adcock, Centre for Women's Health Research, Victoria University of Wellington New Zealand	547	2B.1 14:45 Local health services evaluation and decision-making: a framework and applied studies. Symposium Lead: Jonathan Karnon, Flinders University, Australia Presenters: Penny Reeves, Andrew Searles, Christine Jorm, Hunter Medical Research Institute; Jon Karnon, Jackie Roseleur, Flinders University Australia	552	2C.1 14:45 Integrated services to improve the health of Pacific peoples in Aotearoa New Zealand. Symposium Lead: Jacqueline Cumming, Health Services Research Centre, Victoria University of Wellington, New Zealand Presenters: Jacqueline Cumming, Victoria University of Wellington; Debbie Ryan, Pacific Perspectives Ltd; Marianna Churchward, Victoria University of Wellington, New Zealand	532	2D.1 14:45 Establishing an Effective Research Partnership Between a University and a Local Health District. Symposium Lead: Judy Mullan, University of Wollongong, Australia Presenters: Judy Mullan, Brendan McAlister, Victoria Westley-Wise, Luise Lago, University of Wollongong Australia
2E PROMS Symposium Room: Gallery 3		2F Performance in Primary Care Room: Gallery 2 Chair: Tim Tenbensele		2G: Health Care Quality Interventions Room: Gallery 1 Chair: Tilley Pain		2H Big Data Room: Regatta B Chair: Emmanuel Gnanamanickam	
550	2E.1 14:45 What truly matters to patients? Improving the measurement of patient reported outcomes in clinical quality registries. Symposium Lead: Darshini Ayton, Monash University, Australia Presenters: Darshini Ayton, Renata Morello, Sze-Ee Soh, Susannah Ahern, Monash University Australia	338	2F.1 14:45 A systematic review of process evaluations of primary care interventions addressing non-communicable diseases. Hueiming Liu, The George Institute for Global Health Australia	239	2G.1 14:45 Quantifying adverse drug event under-reporting then determining the risk rating and effect on patient admission length for each event. Centaine L. Snoswell, Princess Alexandra Hospital, Brisbane Australia	148	2H.1 14:45 Using existing electronic health record data to measure health status in residential aged care. Kim Lind, Macquarie University Australia
		401	2F.2 15:00 Variation in US primary care practice performance across different high need subgroups. Andrew Old, The Commonwealth Fund United States	257	2G.2 15:00 A systematic review and meta-analysis of interventions targeting antibiotic use in aged care facilities. Magdalena Raban, Macquarie University Australia	395	2H.2 15:00 Trends in the use of Computed Tomography in the Emergency Department in Western Australia, 2003 to 2015: A linked administrative dataset analysis. Suzy Maxwell, Curtin University Australia
		155	2F.3 15:15 Underutilized and undertheorized: The use of hospitalization for Ambulatory Care Sensitive conditions for assessing the extent to which primary healthcare services are meeting needs in BC First Nation communities. José G. Lavoie, University of Manitoba Canada	314	2G.3 15:15 Designing and implementing an evidence-based pre-admission clinic for private patients undergoing elective surgeries. Jingjing He, Macquarie University Hospital Australia	396	2H.3 15:15 Decomposition analysis of growth in computer tomography utilisation in tertiary hospitals: An analysis of linked administrative data in Western Australia. Ninh HA, Curtin University Australia
		371	2F.4 15:30 Patient attachment to their primary care provider: Primary care Reform in Ontario in 2019. Michael Green, Queens University Canada	346	2G.4 15:30 Community Eye Care: improving access and reducing costs through collaborative care for diabetic retinopathy. Belinda Ford, The George Institute for Global Health Australia	382	2H.4 15:30 Australian private healthcare sector service utilisation trends for physiotherapists, chiropractors and osteopaths: 2008 - 2017 Roger Engel, Macquarie University Australia
				394	2G.5 15:45 Integrating implementation and evaluation using stepped-wedge randomisation: Effectiveness of a new model of care for community acquired pneumonia. Melanie Lloyd, Western Health Australia	407	2H.5 15:45 Harnessing the power of big data in the health of older people. Brigitte Meehan, interRAI Services, TAS New Zealand

Concurrent sessions 3A - 3H

3A HSR and indigenous services and communities Room: Ballroom A Chair: Megan Campbell		3B HSR and indigenous services and communities Room: Ballroom B Chair: Amohia Boulton		3C E-Health Room: Regatta D Chair: Fiona Imlach		3D Preventing Hospital Admissions Room: Regatta A Chair: Emmanuel Gnanamanickam	
254	3A.1 16:15 How is the National Disability Insurance Scheme working for Aboriginal and Torres Strait Islander people and communities? Margaret Kelaheer, University of Melbourne Australia	290	3B.1 16:15 The development of a peer-support strategy that prepares Inuit for shared decision making with healthcare providers in cancer care systems: an integrated knowledge translation study. Ian Graham, University of Ottawa Canada	137	3C.1 16:15 First results of a mixed-design controlled before-after evaluation of five regional health information technology-based programs to improve health and social care coordination. Rachid Salmi, University of Bordeaux/INSERM U-1219/CHU de Bordeaux France	218	3D.1 16:15 Factors affecting 30-day unplanned readmissions for patients undergoing total hip arthroplasty. Sybil Yeung, ANU Medical School Australia
373	3A.2 16:30 Improving Genetic Health Services for Aboriginal and Torres Strait Islander people in three Australian States: Using Consumer and Practitioner Experiences to Design Culturally Safe Policy. Philippa Dalach, University of Melbourne Australia	423	3B.2 16:30 The cost-effectiveness of molecular point of care testing for chlamydia and gonorrhoea in remote communities.. Caroline Watts, Kirby Institute, UNSW Australia	349	3C.2 16:30 Talking Health - assessing clinician communication with consumers using telephone triage and advice services. Rosemary McKenzie, Centre for Health Policy, the University of Melbourne Australia	282	3D.2 16:30 A Deep Representation of Longitudinal EMR Data Used for Predicting Readmission to the ICU and Describing Patients-at-Risk. Sebastiano Barbieri, Centre for Big Data Research in Health, The University of New South Wales Australia
199	3A.3 16:45 Are long-term outcomes following angiography different between First Nations and non-First Nations patients? A retrospective cohort study. Annette Schultz, College of Nursing, University of Manitoba Canada	336	3B.3 16:45 Policy lessons from the experiences of Maori women with antenatal services in Tamaki Makaurau. Esther Willing, University of Otago New Zealand	105	3C.3 16:45 Digital Health Enabled Targeted Patient Communication Facilitated Through Healthcare Providers in the Recovery of Fragility Fractures: Meta-Analysis and Comprehensive Systematic Review. Lalit Yadav, The University of Adelaide Australia	332	3D.3 16:45 Improving hypertension control in Australia. Jacqueline Roseleur, The University of Adelaide Australia
302	3A.4 17:00 Evaluation of a training programme for community pharmacists to deliver a culturally responsive Indigenous Medication Review Service (IMeRSe). Amanda Wheeler, Griffith University Australia	316	3B.4 17:00 Improving systems for eliminating crusted scabies in Indigenous communities in the Northern Territory. Karen Gardner, UNSW Canberra Australia	209	3C.4 17:00 15 years of telepaediatrics: data discoveries and service successes. Centaine L. Snoswell, Centre for Online Health Australia	345	3D.4 17:00 Revolving doors: Understanding factors affecting 30-day unplanned readmissions for patients undergoing Total Knee Arthroplasty.. Madhur Chhabra, Australian National University Australia
333	3A.5 17:15 Cultural determinants of health, wellbeing and safety for Aboriginal and Torres Strait Islander people: a narrative review of reviews. Ebony Verbunt, Centre for Health Policy, Melbourne School of Population and Global Health, University of Melbourne Australia			418	3C.5 17:15 The value, strengths and weaknesses of telehealth. Philippa Crooks, Royal Far West, Australia	106	3D.5 17:15 Trends in Rates and Inequalities in Paediatric Admissions for Ambulatory Care Sensitive Conditions in Victoria, Australia (2003 to 2013). Rachel O'loughlin , Murdoch Children's Research Institute Australia

Concurrent sessions 3A - 3H cont.

3E Three Minute Thesis Competition
Room: Gallery 3

3F Clinical Governance & Decision-Making
Room: Gallery 1
Chair: Tim Tenbensele

3G Health System Inequities
Room: Gallery 2
Chair: Rob McNeill

3H Implementation
Room: Regatta B
Chair: Tim Stokes

116 **3E.1** 16:15 | Health Insurance Coverage and Associated Factors among Women in Ethiopia: A Secondary Analysis of Ethiopia Demographic and Health Survey Data 2016. Firew Bobo, University of Technology Sydney Australia

255 **3F.1** 16:15 | Has the clinical governance agenda stalled? Findings from the 2017 New Zealand survey of DHB health professional staff. Robin Gauld, Otago Business School New Zealand

337 **3G.1** 16:15 | Private choices, public costs. Evaluating cost-shifting between private and public health sectors in New Zealand. Erin Penno, University of Otago New Zealand

237 **3H1** 16:15 | Moving past the panic - healthcare staff responses to disinvestment - a systematic search and qualitative thematic synthesis. Debra Mitchell, Monash Health Australia

249 **3E.2** 16:20 | From Head to Heart- listening to Manitoba healthcare leaders' experiences of structural barriers with meaningful engagement of Canada's Truth and Reconciliation Commission's calls to action. Stephanie Van Haute, University of Manitoba Canada

135 **3E.3** 16:25 | Yes Wee Can: saving time and money with improved urine sample collection for young pre-continent children. Jonathan Kaufman, University of Melbourne Australia

149 **3E.4** 16:30 | Improving patient experience and delivery of scalp cooling treatment in ambulatory cancer care centres in Australia. Jingjing He, The University of Sydney Australia

405 **3F.2** 16:30 | Knowledge and performance inequities: How unresolved nurse short-staffing and the eclipsing of nurses' knowledge undermines the everyday performance of patient safety. Rhonda McKelvie, Massey University New Zealand

406 **3G.2** 16:30 | Can't Pay? Go back to Hospital. How a Publicly funded General Practice Clinic can improve access for more disadvantaged populations. Luis Villa, Ko Awatea New Zealand

286 **3H2** 16:30 | The value of implementation theory for changing practice in the emergency department (T3 Trial). Findings from a mixed-methods process evaluation. Elizabeth McInnes, Australian Catholic University Australia

150 **3E.5** 16:35 | Addressing the intentional blank space: medicines reviews for Māori older adults. Joanna Hikaka, University of Auckland New Zealand

134 **3E.6** 16:40 | Helping Emergency Department Registered Nurse Manage and Minimise Burnout. Lucy Scott, Emergency Department Middlemore Hospital New Zealand

291 **3E.7** 16:45 | 'You've gotta do what you've gotta do' Prostate cancer patients' perspectives on image guidance in radiotherapy. Amy Brown, Townsville Hospital and Health Service Australia

327 **3F.3** 16:45 | Use of teach-back improves health outcomes but what do we know about its implementation? A systematic review. Alison Beauchamp, The University of Melbourne Australia

392 **3G.3** 16:45 | Inequities in access to primary health care: lessons from administrative and survey data on enrolments and having a usual GP 2002-2019. Maite Irurzun-Lopez, Health Services Research Center, Victoria University of Wellington New Zealand

391 **3H3** 16:45 | Health technologies: A retrospective analysis of factors influencing implementation of an orthopaedic web portal. Jane Desborough, Department of Health Services Research and Policy, Research School of Population Health, Australian National University Australia

Concurrent sessions 3A - 3H cont.

3E Three Minute Thesis Competition
Room: Gallery 3

3F Clinical Governance & Decision-Making
Room: Gallery 1

3G Health System Inequities
Room: Gallery 2

3H Implementation
Room: Regatta B

317 **3E.8** 16:50 | Physiotherapy service delivery for spinal pain: A retrospective chart review in a public hospital outpatient service in New South Wales, Australia. Edward Gorgon, The University of Sydney Australia

339 **3E.9** 16:55 | Policy making in decentralized health systems - analysis of the delivery of non-communicable diseases prevention and care in Nigeria. Whenayon Simeon Ajisejiri, The George Institute for Global Health, Faculty of Medicine, University of New South Wales Australia

271 **3F.4** 17:00 | Trade-offs of adjuvant immunotherapy in stage-III melanoma - a clinicians' view?. Ann Livingstone, NHMRC Clinical Trials Centre, University of Sydney Australia

216 **3F.5** 17:05 | Comparing clinical supervision models as a vehicle for behaviour change in health services. David Snowdon, Peninsula Health Australia

262 **3F.6** 17:10 | Developing the multi-professional clinical academic workforce in Australia and New Zealand: a scoping review. Alexandra Edelman, James Cook University Australia

190 **3G.4** 17:00 | Cost barriers to primary health care for Maori in New Zealand. Mona Jeffreys, Victoria University of Wellington New Zealand

124 **3H4** 17:00 | An examination of factors that challenge or facilitate implementation of the Baby Friendly Hospital Initiative in Australia and Ten Steps to Successful Breastfeeding in Indonesia: study protocol. Andini Pramono, Australian National University Australia

389 **3G.5** 17:15 | Publicly-funded oral health service provision for high needs and vulnerable New Zealanders: a national overview. Moira Smith, University of Otago, Wellington New Zealand

361 **3G.6** 17:20 | Association between Indonesia's national health insurance and inequity in access to maternal health services Kim Dalziel, University of Melbourne School of Population and Global Health, Australia

17:30 | Poster Session and Welcome Reception Ballroom C

Thursday 5 December 2019

PLENARY SESSION 3

09:30 | Keynote 4: **Fairer decisions, better health - equity-informative methods of health services research** Professor Richard Cookson, Centre for Health Economics, University of York, UK

10:25 | Morning tea

Concurrent sessions 4A - 4H

4A HCF Foundation Sub Plenary Symposium - REDUCING UNNECESSARY HOSPITAL ADMISSIONS AND COMPLICATIONS
Room: Regatta A

4B FUNDAMENTALS OF CARE - AN EQUITY FRAMEWORK Sub Plenary Symposium
Room: Regatta D

4C INTEGRATED KNOWLEDGE TRANSLATION Sub Plenary Symposium
Room: Gallery 3

4A.1 10:55 | The effectiveness and cost-effectiveness of using chlorhexidine prior to urinary catheter insertion. Brett Mitchell, Avondale College of Higher Education, University of Newcastle, Australia

⁵³⁷ **4B.1** 10:55 | **Fundamentals of care: a framework to achieve equity in healthcare.** ⁵⁴⁹

4C.1 10:55 | **Making an impact: Using integrated knowledge translation to build KT plans.**

4A.2 11:10 | Admission Risk Calculation in General Practice: Reducing hospital presentations and admissions in chronic disease. Christopher Pearce, The University of Melbourne, Melbourne, Australia

Symposium Lead: Alison Kitson, Flinders University, Australia.

Symposium Lead: Ian Graham, University of Ottawa, Canada.

4A.3 11:30 | Reducing hospital variation in cardiovascular implantable electronic device complications. Isuru Ranasinghe, Basil Hetzel Institute for Translational Research, University of Adelaide, Central Adelaide Local Health Network, Adelaide, Australia

Presenters: Rebecca Feo, Tiffany Conroy, Flinders University, Australia; Denise Wilson, Auckland University of Technology, Merryn Gott, Tess Moeke-Maxwell, Jackie Robinson, University of Auckland, Jenny Parr, Counties Manukau District Health Board, New Zealand

Presenters: Ian Graham, Ottawa Heart Research Institute, Chris McCutcheon, Ottawa Hospital Research Institute, Anita Kothari, Western University, Canada

4A.4 11:45 | This Way Up: Internet Cognitive Behavioural Therapy for Perinatal Depression and Anxiety. Jill Newby, UNSW, Sydney, Australia

12:10 Lunch

Showcasing the Harkness Fellowship Journey - Collect your lunch and come and join the discussion. Ballroom B

Concurrent sessions 5A - 5H

5A KAUPAPA MAORI Symposium
Room: Ballroom A

5B Pharmaceuticals and Pharmacists
Room: Ballroom B
Chair: Richard Cookson

5C REGISTRY SCIENCE Symposium
Room: Regatta D

5D CONTINUITY OF PRIMARY CARE Symposium
Room: Regatta A

⁵⁵⁶ **5A.1** 13:10 | **Kaupapa Māori - research reforming health service: The Harti exemplar.** ⁶⁰⁰

5B. 1 13:10 | The convergent validity of seven health state utility instruments. Ross Wilson, University of Otago

⁵⁵⁹ **5C.1** 13:10 | **Developments in registry science.** ⁵²⁹

5D.1 13:10 | Does continuity of primary care reduce potentially preventable hospital admissions?

Symposium Lead: Nina Scott, Waikato District Health Board, New Zealand ³⁷⁵

5B. 2 13:25 | A theory of change for equitable access to medicines in Aotearoa New Zealand. Sandy Bhawan, PHARMAC New Zealand

Symposium Lead: John McNeil, Monash University, Australia

Symposium Lead: Rachael Moorin, Curtin University, Australia

Presenters: Nina Scott, Polly Ataoa-Carr, Amy Jones, Waikato District Health Board; Rebekah Graham, Bridgette Masters-Awatere, University of Waikato, New Zealand ⁴³¹

5B. 3 13:40 | What do consumers think of their advanced practitioner? Evaluating nurse practitioner and pharmacist prescriber roles in New Zealand. Tara Officer, Victoria University of Wellington, New Zealand

Presenters: John McNeil, Susan Evans, Arul Ernst, Monash University, Australia

Presenters: David Youens, Rachael Moorin, Cameron Wright, Ninh Ha, Curtin University Australia

Concurrent sessions 5A - 5H cont.

5A KAUPAPA MAORI Symposium Room: Ballroom A		5B Pharmaceuticals and Pharmacists Room: Ballroom B		5C REGISTRY SCIENCE Symposium Room: Regatta D		5D CONTINUITY OF PRIMARY CARE Symposium Room: Regatta A	
		365	5B.4 13:55 Eliciting Community and Health Professionals' Preferences for Values That Should Underpin Policies for the Allocation of Kidneys from Deceased Donors: A National Best-Worst Scaling Survey. Martin Howell, University of Sydney Australia				
		187	5B.5 14:10 Cost-utility analysis of pharmacist-led medication review in primary care patients with hypertension, type 2 diabetes mellitus and dyslipidaemia. Antonio Ahumada-Canale, University of Technology Sydney Australia				
5E Cancer Services Room: Gallery 3 Chair: Khic Prang		5F Advances in HSR Methods Room: Gallery 2 Robin Gauld		5G INTEGRATED CARE INNOVATIONS Symposium Room: Gallery 1		5H Long Term Conditions Room: Regatta B Chair: Margaret Kelaher	
224	5E.1 13:10 Trading between quality of life and survival when choosing cancer treatment: A discrete choice experiment. Alison Pearce, University of Sydney Australia	402	5F.1 13:10 Can analysis of the effect of social disadvantage on access to healthcare be improved through the use of causal pathways? Rachael Morton, NHMRC Clinical Trials Centre Australia	563	5G.1 Disruptive Innovations: Success stories from the Integrated Care Innovation Fund.	266	5H.1 13:10 Mana Tū: A whānau ora approach to long term conditions. Matire Harwood, University of Auckland New Zealand
197	5E.2 13:25 Preferences for anxiety and depression screening in cancer care - A discrete choice experiment. Jackie Yim, Centre for Health Economics Research and Evaluation, UTS Australia	251	5F.2 13:25 Creating Synergies for Effective Co-Produced Research: A Realist Review. Anita Kothari, Western University Canada	Symposium Chair: Carly Dyer, Queensland University of Technology, Australia		231	5H.2 13:25 Is Assisted Peritoneal dialysis a solution for northern Manitoba? Josée G. Lavoie, University of Manitoba Canada
168	5E.3 13:40 Impact of ethnicity, socio-economic deprivation and treatments on the survival of patients with multiple myeloma in NZ: results from linked national healthcare databases. Richard Milne, University of Auckland New Zealand	235	5F.3 13:40 The role of radio in health research: A scoping Review. Moneca Sinclair, College of Nursing, University of Manitoba Canada	Presenters: Nicole White, Robin Blythe, Hannah Cater, David Brain, Australian Centre for Health Services Innovation, Queensland University of Technology, Australia		348	5H.3 13:40 Quality and targeting of diabetic retinopathy referrals: An audit of patient records at a public hospital ophthalmology service in Western Sydney, Australia. Belinda Ford, The George Institute for Global Health Australia
410	5E.4 13:55 Timeliness of Treatment for Different Cancer Types in New Zealand. Rob McNeill, University of Auckland New Zealand	321	5F.4 13:55 Comparability of online out-of-pocket tools from Australian private health funds. Kelsey Chalmers, The University of Sydney Australia			153	5H.4 13:55 Understanding barriers and facilitators to engagement in a multi-disciplinary service for childhood obesity. Cervantée Wild, Liggins Institute, University of Auckland / Taranaki District Health Board New Zealand
411	5E.5 14:10 Inequalities in the Timeliness of Treatment of Cancer Patients in New Zealand. Simona D'Silva, University of Auckland New Zealand	278	5F.5 14:10 Are scenarios useful for understanding processes of change in the health sector? Lesley Middleton, Victoria University of Wellington New Zealand			360	5H.5 14:10 Patterns of diabetes prevalence and incidence in First Nations people in Ontario, Canada: Implications for health care delivery and organization. Jennifer Walker, Laurentian University Canada
						425	5H.6 14:15 The symptom monitoring with feedback trial (SWIFT): A novel registry-based cluster randomized controlled trial among Australian and New Zealand adults on kidney dialysis. Suetonia Palmer, University of Otago New Zealand

14:25 | Afternoon tea

Concurrent sessions 6A - 6I

6A INDIGENOUS WOMENS' HIV SERVICES Symposium Room: Ballroom A		6B PUBLIC INPUT IN HEALTH PRIORITISATION Symposium Room: Ballroom B		6C EQUITY, ACCESS AND OUTPATIENT WAITING TIMES Symposium Room: Regatta D		6D QUALITY OF AGED CARE SERVICES Symposium Room: Regatta A			
538	6A.1 14:45 Women healing living the good life' Indigenous Women Defining and Directing a New Paradigm for HIV Health Policy and Services in Manitoba, Canada. Symposium Lead: Sharon Bruce, University of Manitoba, Canada Presenters: Laverne Gervais, Ka Ni Kanichihk; Marissa Becker, Adina Lakser, Sharon Bruce, University of Manitoba Canada	548	6B.1 14:45 Prioritising health care - how to integrate differing public views. Symposium Lead: Professor Rachel Baker Glasgow Caledonian University, Scotland, UK. Presenters: Rachel Baker, Glasgow Caledonian University, UK; Paul Scuffham, Griffith University; Emily Tumilty, Tim Stokes, Robin Gauld University of Otago, New Zealand	534	6C.1 14:45 Improving access and equity by reducing waiting time in community-based outpatient services: an evidence-based approach. Symposium Lead: Katherine Harding, Eastern Health / La Trobe University Australia. Presenters: David Snowdon, Nicholas Taylor, Annie Lewis, Eastern Health / La Trobe University Australia	546	6D.1 14:45 Leveraging electronic data sources to monitor the quality and outcomes of aged care services. Symposium Lead: Magdalena Raban, Macquarie University, Australia Presenters: Magdalena Raban, Kimberly Lind, Amy Nguyen, Australian Institute of Health Innovation Macquarie University Australia		
6E CO-DESIGNING CHILDHOOD OBESITY RESEARCH Symposium Room: Gallery 3		6F Partnerships in Improvement: Patients, Providers and Researchers Room: Gallery 2 Chair: Laura Wilkinson-Meyers		6G PRIMARY CARE, PATIENT EMPOWERMENT AND TECHNOLOGY Symposium Room: Gallery 1		6H SUSTAINABLE INTEGRATED CARE Symposium Room: Regatta B		6I PHARMACY AND HEALTH EQUITY Symposium Room: Regatta C	
560	6E.1 14:45 Influencing systems change to tackle childhood obesity: implementing a co-designed and culturally-tailored research program. Symposium Lead: Jessica Hardt, Queensland Hospital and Health Service, Australia Presenters: Jessica Hardt, Brent Matautia, Children's Health Queensland Hospital and Health Service Australia	113	6F.1 14:45 Reducing power inequities to drive improvement: Piloting the Collaborative Pairs Program. Helen Dickinson, UNSW Australia	535	6G.1 14:45 Primary care - shaken not stirred, with a twist of technology. Symposium Lead: Alesha Smith, University of Otago, New Zealand Presenters: Alesha Smith, Rakhee Raghunandan, Amber Young, Sharon Leitch, University of Otago New Zealand	564	6H.1 14:45 From Startup to Sustainability: Insights from 23 integrated care initiatives. Symposium Lead: Nicole White, Australian Centre for Health Services Innovation, Queensland University of Technology, Australia Presenters: David Brain, Hannah Cater, Robin Blythe, Carly Dyer, Australian Centre for Health Services Innovation, Queensland University of Technology, Australia	553	6I.1 14:45 How can pharmacy services in New Zealand contribute to achieving health equity? Symposium Lead: Caroline Morris, University of Otago, New Zealand. Presenters: Joanna Hikaka, University of Auckland, Yasmin Abdul Aziz, Pauline Norris, University of Otago, New Zealand
		331	6F.4 15:30 The potential for community-managed organisations to reduce inequity by connecting physical and mental health care. Olivia Wynne, The University of Newcastle Australia						
		102	6F.5 15:35 Embedding economists in health services to improve local evaluation practice. Christine Jorm, NSW Regional Health Partners Australia						
		114	6F.6 15:40 Navigating the workplace as a younger person with arthritis. Danielle Berkovic, Monash University Australia						

16:00 | Short break

Concurrent sessions 7A - 7I

7A HSR and indigenous services and communities Room: Ballroom A Chair: Esther Willing		7B Health Economics Room: Ballroom B Chair: Rachael Morton		7C ED Research Room: Regatta D Chair: Jonathan Karnon		7D Health Care Variation Room: Regatta A Chair: Louisa Jorm	
144	7A.1 16:15 Indigenous peoples telling their story of the health of their heart . Moneca Sinclair, University of Manitoba Canada	318	7B.1 16:15 The cost-effectiveness of Stereo-electroencephalography for people with refractory epilepsy: a decision model analysis. Hannah Carter, Australian Centre for Health Services Innovation Australia	142	7C.1 16:15 Translation of a health service innovation for older people: Implementation of the Geriatric Emergency Department Intervention into a new emergency department . Marianne Wallis, University of the Sunshine Coast Australia	178	7D.1 16:15 Is there unwarranted variation in the provision of bariatric surgery in New Zealand's Northern Region? . Edith Bennett, Northland District Health Board New Zealand
247	7A.2 16:30 From head to heart study - How ceremony can support health leaders to make the connection. Stephanie Van Haute, Elder Mary Wilson, University of Manitoba Canada	171	7B.2 16:30 Economic Evaluation of the Australian Contraceptive ChOice pROject (ACCORD). Milena Lewandowska , Centre for Health Economics Research and Evaluation, University of Technology Sydney Australia	195	7C.2 16:30 Promoting Value-based care in Emergency Departments - The PROV-ED Project . Andrew Hobbins-King, PROV-ED Project Queensland Health Australia	183	7D.2 16:30 Trend and variation in rates of tonsillectomy procedures among children and young adults across New South Wales. Hassan Assareh, Agency for Clinical Innovation Australia
305	7A.3 16:45 Developing an Aboriginal health, wellbeing and safety evaluation framework . Ebony Verbunt, Centre for Health Policy, Melbourne School of Population and Global Health, The University of Melbourne Australia	172	7B.3 16:45 Cost-effectiveness analysis of ventricular assist devices used as a bridge to transplant in patients with end-stage heart failure. Sopany Saing, Centre for Health Economics Research and Evaluation, UTS Australia	259	7C.3 16:45 Emergency Clinician perspective on Frequent Presenters to the Emergency Department . Viola Korczak, The George Institute for Global Health Australia	210	7D.3 16:45 Hysterectomy rate variation in NSW. Huei-Yang Chen, Agency for Clinical Innovation, NSW Australia
201	7A.4 17:00 A Scoping Review of Indigenous People Heart Health Literature from Australia, Canada, New Zealand, and the United States: Lets Discuss Epistemic Challenges. Annette Schultz, College of Nursing, University of Manitoba Canada	325	7B.4 17:00 What attributes of interventions for osteoarthritis drive preferences? A discrete choice experiment involving diverse stakeholder groups. Jason Chua, University of Otago New Zealand	143	7C.4 17:00 Health Economic impact of the Geriatric Emergency Department Intervention. Kim-Huong Nguyen, University of Queensland Australia	253	7D.4 17:00 Exploration of deviations from trauma transfer protocols in paediatric patients in New South Wales: a retrospective registry data study 2010-2016. Pooria Sarrami, ACI Institute of Trauma and Injury Management Australia
		306	7B.5 17:05 Estimation of the friction period in Australia. Kathleen Manipis, University of Technology Sydney Australia				

Concurrent sessions 7A - 7I cont.

	7E Child Health Room: Gallery 1 Chair: Mike Green TBC		7F Health Workforce Room: Gallery 2 Chair: Megan Campbell		7G Researching Health Systems & Services Room: Gallery 3 Chair: Tim Stokes		7H Cancer Services Room: Regatta B Chair: Fiona Imlach		7I Pharmacy Practice and Medicines Research Room: Regatta C Chair: Margaret Kelaher
205	7E.1 16:15 Strengthening primary care for children: Cost analysis of a new pilot model to integrate paediatricians within general practice. Rachel O'Loughlin, Murdoch Children's Research Institute Australia	185	7F.1 16:15 The effect of medical workforce regulation on doctors' wellbeing: a natural experiment. Amadou Darboe, Center for Health Policy, University of Melbourne Australia	162	7G.1 16:15 Researching health systems: developing a platform for thinking about change in primary health care. Lesley Middleton, Victoria University of Wellington New Zealand	165	7H.1 16:15 Melanoma and general practice: factors affecting GPs' confidence in and attitudes towards managing patients with suspected or confirmed cutaneous melanoma. Andrea Smith, Macquarie University Australia	180	7I.1 16:15 Does the wording of doctors' scripts inadvertently stimulate the demand for branded medicines? Elena Meshcheriakova, CHERE Australia
219	7E.2 16:30 Hospital morbidity profile of children involved in the child protection system: A long-term birth cohort study from infancy to early adulthood. Emmanuel Gnanamanickam, University of South Australia Australia	260	7F.2 16:30 The flexibility of stable healthcare teams: a mixed methods study of emergency doctors and nurses. Sarah Wise, University of Technology Sydney Australia	263	7G.2 16:30 Operationalising the concepts of 'innovation' and 'translation' for population health: insights from an empirical cross-case analysis. Alexandra Edelman, James Cook University Australia	192	7H.2 16:30 Financial stress, a side effect of cancer care: A new standard for informed financial consent. Kate Whittaker, Cancer Council Australia Australia	217	7I.2 16:30 Feasibility of implementing a Commonwealth-funded delinked reimbursement model for antimicrobials in Australia: the What, the Why and the How?. Nadine Hillock, University of Adelaide Australia
298	7E.3 16:45 Childhood health service use and cost across care sectors for children born with single-heart ventricle: evidence from the Australian and New Zealand Fontan Registry. Kim Dalziel, The University of Melbourne Australia	225	7F.3 16:45 What drives and motivates junior medical doctors in choosing a medical specialty in Australia? Insights from an Outcome Driven Innovation study. Marshall Makate, Curtin University Australia	377	7G.3 16:45 Alternative models to external consultancies in addressing complex health and social care challenges. Helen Skouteris, Monash Centre for Health Research and Implementation, School of Public Health and Preventive Medicine, Monash University Australia	193	7H.3 16:45 What needs to be improved to ensure interventions addressing socioeconomic inequalities in cancer-related outcomes are implemented into the real-world?. Kate Whittaker, Cancer Council Australia Australia	139	7I.3 16:45 Utilisation and discontinuation patterns and factors associated with secondary prevention medication after stroke. Monique Kilkenny, Stroke and Ageing Research, Department of Medicine, School of Clinical Sciences at Monash Health, Monash University Australia
136	7E.4 17:00 What's The Catch: barriers and enablers to collecting urine samples from young pre continent children in primary care. Jonathan Kaufman, University of Melbourne Australia	342	7F.4 17:00 Hiding in plain sight: Our invisible health information workforce. Karen Day, The University of Auckland New Zealand	301	7G.4 17:00 Accounting for social value in the age of the Well-being budget. Sneha Lakhotia, Wai Research, Te Whanau o Waipareira New Zealand	390	7H.4 17:00 Does radiotherapy treatment for advanced cancer lead to job loss? Anh Tran, NHMRC Clinical Trial Centre, The University of Sydney Australia	206	7I.4 17:00 Barriers to pharmacist prescribing: a scoping review comparing the United Kingdom, New Zealand, Canadian and Australian experiences. Jane Desborough, Australian National University, Australia
226	7E.5 17:05 An evaluation of a large scale school eye health program for Indian children: A qualitative approach. Bharani Seelam, University of New South Wales India		7F.5 17:15 Using longitudinal insights to model future workforce needs for General Practice in New Zealand. Antonia Verstappen, University of Auckland New Zealand	293	7G.5 17:15 What's equity got to do with it? Thirty years of Community Pharmacy Agreements. Paul Mackey, Deakin University Australia	422	7H.5 17:15 Australian general practitioners' knowledge and attitudes about the role of sentinel lymph node biopsy (SLNB) in melanoma management. Caroline Watts, The University of Sydney, University of NSW, Australia	343	7I.5 17:15 Perceived Strengths and Limitations of Precision Medicine - a documentary analysis. Hueiming Liu, The George Institute for Global Health Australia
								409	7I.6 17:20 Adherence to antiretroviral regimens in Australia: a nationwide cohort analysis of dispensing data. Juliana Costa, University of New South Wales Australia

Concurrent sessions 8A -8I

8A HSR and indigenous services and communities Room: Ballroom A Chair: Esther Willing		8B Health Economics Room: Ballroom B Chair: Rachael Morton		8C Health System Performance Room: Regatta D Chair: Katherine Harding		8D Data Linking Room: Regatta A Chair: Megan Campbell	
245	8A.1 08:30 Bridging the Divide - Keys for Moving Knowledge to Action Insights from the Innovation in Community Based Primary Healthcare (CBPHC) Supporting Transformation in the Health of First Nations and Rural/remote Manitoba Communities (IPHIT) Program of Research . Wanda Phillips-Beck, First Nation Health and Social Secretariat of Manitoba Canada	283	8B.1 08:30 Associations Between Health Service Use and Quality of Life 4-months After Osteoporotic Fracture in Older Adults: Data from the Australian Arm of the International Cost and Utility Related to Osteoporotic Fractures Study (AusICUROS). Jason Talevski, The University of Melbourne Australia	297	8C.1 08:30 Time to wait: The impact of performance targets and public reporting on cancer elective surgery waiting times . Khic-Houy Prang, Centre for Health Policy, The University of Melbourne Australia	380	8D.1 08:30 Impact of prior home care on length of stay in residential care for Australians with dementia. Heidi Welberry, Centre for Big Data Research in Health Australia
256	8A.2 08:45 Building strength: A Quesnel Dakeh Education & Employment Society collaboration with the University of British Columbia. Veena Mudaliar, University of British Columbia Canada	265	8B.2 08:45 Cost of strokes and TIAs in New Zealand: Evidence from ARCOS. Adriana Nunez, University of California, Merced United States	404	8C.2 08:45 Building Capacity and Capability for Quality Improvement and System Integration - The System Level Measures Programme. Kanchan Sharma, Ministry of Health New Zealand	329	8D.2 08:45 Measurement of optimal general practitioner encounters following stroke using linked data from the Australian Stroke Clinical Registry. Nadine Andrew, Monash University Australia
280	8A.3 09:00 Rhetoric to reality: how the governance of Aboriginal and Torres Strait Islander Health Workers impacts work practices in Queensland Australia.. Stephanie M. Topp, James Cook University Australia	198	8B.3 09:00 A cost of illness model for crusted scabies in indigenous communities in the Northern Territory. Margie Campbell, CHERE,UTS Australia	427	8C.3 09:00 Implementing New Zealand's System Level Measures Framework - how have New Zealand's districts managed to work collaboratively to improve health outcomes?. Tim Tenbenschel, University of Auckland New Zealand	359	8D.3 09:00 Results in the evaluation of Coordinated Care Plans to support high cost users in the health care system. Eliot Frymire, Queen's University, Canada
309	8A.4 09:15 Translating Kaupapa Maori research into practice. Cate Mentink, Elica Mehr, Te Whanau o Waipareira New Zealand	189	8B.4 09:15 The cost-effectiveness of recommended adjunctive osteoarthritis management options in New Zealand: Results from a computer simulation model. Ross Wilson, University of Otago New Zealand	274	8C.4 09:15 Health system performance variation in New Zealand: A story of two decades . Pushkar Silwal, University of Auckland New Zealand	141	8D.4 09:15 Individual and regional determinants of long-term care expenditure in Japan: Evidence from national long-term care insurance claims data. Xueying Jin, Department of Health Services Research, Faculty of Medicine, University of Tsukuba Japan
368	8A.5 09:30 Advancing Indigenous Primary Health Care Policy in Alberta, Canada. Mike Green, Queens University Canada	451	8B.5 09:30 Monitoring and addressing overdiagnosis and overtreatment to reduce low-value care across all healthcare settings. Robin Turner, Otago University New Zealand	147	8C.5 09:30 Exploring sources and dimensions of health disparities and inequities in New Zealand from a Historical Institutional Perspective: an analytical review. Adam Fushelini, University of Otago New Zealand	414	8D.5 09:30 Can access to safe and effective care be improved in bariatric surgery by provision of registry data rather than "big data"? Dianne Brown, Monash University Australia

Concurrent sessions 8A -8I cont.

8E Interprofessional Teams Room: Gallery 3 Chair: Alison Pearce		8F Mental Health Room: Gallery 2 Chair: Kim Dalziel		8G Patient Experience Room: Gallery 1 Chair: Tilley Pain		8H GENOMIC MEDICINE Symposium Room: Regatta B		8I PHARMACISTS, HEALTH OUTCOMES AND EQUITY Symposium Room: Regatta C	
166	8E.1 08:30 Understanding refugee service integration in the Southern health system: a qualitative study using network visualisation methods. Laurie Richard, University of Otago New Zealand	326	8F.1 08:30 Young people, mental illness and resilience: managing medication in a complex context . Sara McMillan, Griffith University Australia	213	8G.1 08:30 How to implement and use patient reported experience measures for quality improvement in Australian general practice: A mixed methods consultation study with local and international stakeholders in primary care. Hyun Song, Centre for Primary Health Care and Equity, University of New South Wales Australia	458	8H.1 08:30 Genomic medicine has arrived: are health service researchers ready to evaluate it?	561	8I.1 08:30 The potential of pharmacists to improve health outcomes & reduce inequities in Aotearoa.
204	8E.2 08:45 Strengthening primary care for children: Pilot of a novel, integrated general practitioner-paediatrician model. Rachel O'Loughlin, Murdoch Children's Research Institute, Australia	320	8F.2 08:45 Effectiveness of embedding a specialist preventive care clinician in a community mental health service: an RCT. Caitlin Fehily, University of Newcastle Australia	240	8G.2 08:45 Community is where the heart is - The Community Flu Fighters pilot programme for Asian communities. Kitty Ko, Counties Manukau Health New Zealand		Symposium Lead: Louisa Gordon, QIMR Berghofer Medical Research Institute, Australia		Symposium Lead: Trudi Aspden, University of Auckland, New Zealand
412	8E.3 09:00 Review of Interprofessional Practice Models for Impact on Health Service Inequities. Melissa Carey, University of Southern Queensland Australia	152	8F.3 09:00 Challenges and benefits of a pilot SMS-based crisis support service: views of crisis supporters. Dave Fildes, Australian Health Services Research Institute Australia	160	8G.3 09:00 Improving access to health care for people with severe Chronic Obstructive Pulmonary Disease in Southern New Zealand: qualitative study of the views of health professional stakeholders and patients . Tim Stokes, University of Otago New Zealand		Presenters: Louisa Gordon, QIMR Berghofer Medical Research Institute, Ilias Goranitis, University of Melbourne, Thomas Elliott, Astrid Rodriguez-Acevedo, QIMR Berghofer Medical Research Institute Australia		Presenters: Trudi Aspden, Adele Print, Jason Zhou, Robert Haux, The University of Auckland, New Zealand
421	8E.4 09:15 Hospital outreach services in Australia to support aged care facility resident outcomes: An environmental scan.. Aislinn Lalor, Cabrini Institute and Monash University Australia	215	8F.4 09:15 Seeking support for chronic disease risk behaviours: a comparison of participants with and without a mental health condition engaging with a population-level telephone coaching service . Tegan Bradley, University of Newcastle Australia	207	8G.4 09:15 Living in a time of personalised medicine: a systematic scoping review of the experiences of people with Multiple Sclerosis. Anne Parkinson, Department of Health Services Research and Policy, Research School of Population Health, Australian National University Australia				
351	8E.5 09:20 Implementation and scalability of collaborative eye care models: a realist evaluation. Belinda Ford, The George Institute for Global Health Australia			289	8G.5 09:20 The patient experience of unplanned readmission: A mixed methods study. Debra Berry, Deakin University - Eastern Health Australia				
384	8E.6 09:25 Proactive Rehabilitation Screening (PREs): a new model of integrated care between acute and in-reach rehabilitation services. Jane Wu, St Vincent's Hospital Sydney Australia			221	8G.6 09:25 A patient-oriented approach to incorporate preferences into the design of clinical studies: stem cell transplant for scleroderma. Mark Harrison, The University of British Columbia Canada				
		285	8F.5 09:30 Is 'minimally adequate treatment' really adequate? Investigating the effect of mental health treatment on quality of life for children with mental health problems.. Jemimah Ride, Health Economics Unit, Melbourne School of Population and Global Health, University of Melbourne Australia						
		117	8F.6 09:35 Exploring the inclusion of Pacific Peoples in Mental Health Policy in Aotearoa New Zealand. Ruby Tuesday, Auckland University of Technology (1)/Le Va (2) New Zealand						

09:45 | Morning Tea

Concurrent sessions 9A - 9G

9A HSR and indigenous services and communities Room: Regatta D Chair: Braden Te Ao		9B Health Economics Room: Regatta A Chair: Lesley Middleton		9C INTEGRATED DATA AND HSR Symposium Room: Gallery 3		9D Improving Quality in Health Services Room: Gallery 2 Chair: Megan Campbell	
186	9A.1 10:15 Aboriginal Kidney Care Together - Improving Outcomes Now. Janet Kelly, University of Adelaide; Kim O'Donnell, Flinders University, Australia	328	9B.1 10:15 One size doesn't fit all: Evidence on public preferences for exercise and nutrition programs and the role of incentives.. Jemimah Ride, Health Economics Unit, Melbourne School of Population and Global Health, University of Melbourne Australia	555	9C.1 10:15 Demonstrating the value of enduring integrated data assets in health services research.	277	9D.1 10:15 Coordination of Care: Experiences of information sharing between providers for patients aged 45 and over. Sarah Jones, AIHW Australia
236	9A.2 10:30 Anti-Racism and anti-colonial framework in clinical practice: the diabetes integration project's model of care. Lorraine McLeod, First Nations Health & Social Secretariat of Manitoba Canada	308	9B.2 10:30 Cost-effectiveness of treatments for stable coronary artery disease in Australia. Victoria McCreanor, Queensland University of Technology Australia		Symposium Lead: Louisa Jorm, University of New South Wales, Australia	234	9D.2 10:30 Quality of care Indicators in End Stage Renal Disease: A Comparison of Urban and Rural Care Models in a Canadian Province. James Zacharias, University of Manitoba Canada
370	9A.3 10:45 Health Services for First Nations people with diabetes in Ontario Canada. Michael Green, Queens University Canada	268	9B.3 10:45 Using DCE to measure the value of a diabetes prevention program. Adriana Nunez, University of California, Merced United States		Presenters: Louisa Jorm, University of New South Wales, Rosemary Korda, ANU, Australia; Rod Jackson, University of Auckland, New Zealand; Michael Falster, Claire Vajdic, University of New South Wales, Australia	400	9D.3 10:45 Delivering better quality, better value maternity care: Insights from a critical ethnography in a metropolitan maternity unit. Carly Dyer, Queensland University of Technology Australia
272	9A.4 11:00 From error to co-endeavour, building Māori equity advancement view of New Zealand health system quality dashboard with Te Tumu Whakarae. Ying Li, Richard Hamblin, Health Quality & Safety Commission; Tricia Keelan, Riki Nia Nia, Te Tumu Whakarae New Zealand	323	9B.4 11:00 Do people's EQ-5D-5L preferences vary according to their chronic disease status?. Trudy Sullivan, University of Otago New Zealand			420	9D.4 11:00 Patient safety events experienced by culturally and linguistically diverse ethnic minority patients: A systematic review . Ashfaq Chauhan , University of New South Wales Australia
		170	9B.5 11:15 Why telehealth integration doesn't always save money for the health system. Centaine L. Snoswell, Centre for Health Services Research, The University of Queensland Australia			188	9D.5 11:05 Using Video Reflexive Ethnography (VRE) to Improve Communication about the HPV Vaccine with Somali Immigrant Patients in Primary Care in Minnesota. Rebekah Pratt, University of Minnesota United States
		223	9B.6 11:20 Are we accurately capturing health preferences from people with poor health literacy?. Alison Pearce, University of Sydney Australia				
		130	9B.7 11:25 Patterns of multi-morbidity and impact on quality of life measured by EQ-5D-5L utility in an Australian general population sample.. Tracy Comans, University of Queensland Australia				

Concurrent sessions 9A - 9G cont.

	9E Interventions to Improve Access Room: Gallery 1 Chair: Rob McNeill	9F The state of HSR in Australia & New Zealand and New Funding Opportunities Room: Regatta B	9G ASPREE - STUDYING A COMMUNITY POPULATION OF SENIORS Symposium Room: Regatta C
222	9E.1 10:15 Evaluating the impact of introducing nurse-supported consultations on access to rheumatology care in British Columbia, Canada. Mark Harrison, The University of British Columbia Canada	9F.1 10:15 Associate Professor Rachael Morton ⁵⁴² The University of Sydney, HSRAANZ President; Jessie McMath and Lucy Pomeroy, Health Research Council, New Zealand	9G.1 10:15 Opportunities for studying a community population of Australian seniors.
214	9E.2 10:30 An Australian randomized controlled trial of nurse home visiting (right@home): child and maternal outcomes at child age 4 years. Sharon Goldfeld, Murdoch Children's Research Institute Australia		Symposium Lead: Jane Banaszak-Holl, Monash University, Australia
194	9E.3 10:45 Understanding the characteristics of young people in Victorian hospitals who are admitted from, or discharged to, residential aged care. Renata Morello, School of Public Health and Preventive Medicine, Monash University Australia		Presenters: John McNeil, Jane Banaszak-Holl, Rory Wolfe, Danijela Gasevic, Monash University Australia
220	9E.4 11:00 Evaluating Outcomes Based Care for Vulnerable Older People: Challenges and lessons learned from a complex program evaluation. Joanne Epp, Macquarie University Centre for the Health Economy Australia		
191	9E.5 11:15 Not the right place: Non-traumatic dental presentations in NZ's emergency departments. Moira Smith, University of Otago, Wellington New Zealand		

PLENARY SESSION 4

11:40 | **Plenary Panel: Policy Responses to Health Inequities** - Sharon Shea, Shea Pita and Associates, Auckland; Josee University of Manitoba; Peter Crampton, The Centre for Hauora Maori, University of Otago; Debbie Ryan, Principal, Pacific Perspectives; Helen Dickinson, Public Service Research Group, University of New South Wales.
 12:40 | Conference Wrap Up and Awards Ceremony Associate Professor Rachael Morton The University of Sydney, HSRAANZ President

Posters Ballroom C Poster Session 17:30-18:30 Wednesday

104	P1	Using discrete choice experiment to create a priority list of chronic non-communicable diseases to guide their health research spending. Saideh Babashahi, Otago university New Zealand	156	P9	How long and how much? Wait times and costs to private child mental health specialists. Kim Danziel, University of Melbourne, Australia	244	P16	Exploring The Views Of First-Visit Outpatients On Hospital Service Quality By Customer Satisfaction Survey. Yu-Hsia Wang, Tainan Municipal Hospital Nurse Department Taiwan	296	P24	Improving patient experience and delivery of scalp cooling treatment in ambulatory cancer care settings in Australia. Jingjing He, The University of Sydney Australia	385	P32	Factors of Physical Therapy Service Volume and Payment in Medicare in the United States. Mei Zhao, University of North Florida, United States
119	P2	Prognostic Analysis of Cancer Patients with Mechanical Ventilation in Adult Intensive Care Units. Shu-Chen Hsing, Department of Respiratory Therapy, Chi-Mei Medical Center Taiwan	159	P10	Positive responses to commitment questions increase uptake of emollient use to prevent skin tears: Evaluation of a targeted national intervention. Anna Moffat, University of South Australia Australia	248	P17	Reconciliation in Public Health Policy and Health Service Delivery - A Scoping Review. Stephanie Van Haute, University of Manitoba Canada	310	P25	Capacity building for evidence-based local health and wellbeing planning. Geraldine Marsh, La Trobe University Australia	319	P33	A Systems Thinking Approach for Universal Health Coverage (UHC), Part One: A Survey of Products, Problems and Protocols in Health Information Systems. Maria Cristina Bautista, Ateneo de Manila University Philippines
120	P3	Screening for cytomegalovirus infection during pregnancy: A deterministic decision analysis. L-Rachid Salmi, Universit� de Bordeaux/INSERM/CHU France	182	P11	Geographical variation in hospital use at the end of life among New South Wales decedents. Hassan Assareh, Agency for Clinical Innovation Australia	264	P18	Identifying barriers and enablers to best practice in pediatric physical therapy: A retrospective clinical record review. Edward Gorgon, The University of Sydney Australia	311	P26	Clinical Pharmacist Facilitators in Primary Care: A descriptive study of their roles and services provided within general practices of Southern New Zealand.. Sivamanoj Yadav Boyina, University of Otago New Zealand	303	P34	Prevalence of frailty in elderly inpatients using hospital administrative data in New South Wales. Hassan Assareh, NSW Agency for Clinical Innovation Australia
127	P4	Information-seeking behavior of medical residents: Policy to reduce hospital visits. Yu Hua Yan, Tainan Municipal Hospital (Managed by Show Chwan Medical Care Corporation) Taiwan	200	P12	Quantifying coronary artery disease complexity and comparing health outcomes among First Nations and non-First Nations angiography patients. Annette Schultz, College of Nursing, University of Manitoba Canada	267	P19	Key documents relating to the future of pharmacy in New Zealand: Perceptions of recent BPharm graduates who have left or are considering leaving the profession. Trudi Aspden, School of Pharmacy, The University of Auckland New Zealand	313	P27	Determining priorities for a Cerebral palsy quality of life instrument using happiness levels: a discrete choice experiment. Mina Bahrapour, Griffith university Australia	413	P35	Taking Charge after Stroke: Cost-effectiveness analysis of a randomized controlled trial of a person-centered intervention to promote self-rehabilitation. Braden Te Ao, The University of Auckland New Zealand
128	P5	The outcomes and factors associated with diabetes care: A diabetes shared care network in Taiwan. Yu Hua Yan, Tainan Municipal Hospital (Managed by Show Chwan Medical Care Corporation) Taiwan	227	P13	Power to Quit 2: The experience of participating in a smoking cessation RCT for smokers experiencing homelessness, who also use alcohol.. Rebekah Pratt, University of Minnesota United States	281	P20	Digital health patient education platform to improve health literacy and translate best-practice outcomes for post-discharge hip fracture care: a mixed methods study. Lalit Yadav, The University of Adelaide Australia	330	P28	Which interventions for managing osteoarthritis do stakeholders want? Jason Chua, University of Otago New Zealand	415	P36	Auckland Concussion services Cost-Effectiveness (ACCESS) Study: Proposed methods. Braden Te Ao, The University of Auckland New Zealand
133	P6	Compromised cancer-specific survival among under-insured Chinese patients with breast cancer: a prospective cohort study. Donghao Lu, Karolinska Institutet China	232	P14	Chart Reviews: Situating Indigeneity within a research context. Moneca Sinclair, College of Nursing, University of Manitoba Canada	284	P21	Effect of Clinical Care Pathways on Health-Related Quality of Life and Physical Function Following Fragility Fracture: A Meta-Analysis. Jason Talevski, The University of Melbourne Australia	344	P29	Carer expectations: the role of health services in providing preventive care for nutrition and physical activity risks to people with a mental health condition. Jenny Bowman, University of Newcastle Australia			
140	P7	A comparison of the Cox model to the Fine-Gray model for survival analyses of re-fracture rates. Hwei-Yang Chen, Agency for Clinical Innovation, NSW Australia	243	P15	Process improvement and acute ischemic stroke thrombolytic drug administration safety. Yu-Hsia Wang, Nurse Department Taiwan	292	P22	Intersectoral Collaboration for Aboriginal Youth Health Promotion in Northern British Columbia, Canada. Innocent Ndateba, University of British Columbia Australia	363	P30	International migration of health professionals and global inequity in human resources for health: Failure of national and global health governance., Australia			
154	P8	The Impact of Chemotherapy Induced Peripheral Neuropathy. Philip Haywood, CHERE Australia				294	P23	Assessing the utility of influenza forecasting models in health services decision making. Nicole White, QUT Australia	381	P31	The role of the Maternity Liaison Officer in provision of primary health care: A values-based service model. Carolyne Njue, University of Technology Sydney Australia
